COLLABORATIVE ROBOTS

RōBEX Can Help Install & Train Your Newest Employees

Plant Managers, Plant Engineers, Production Supervisors and CFOs appreciate the cost/performance benefits of collaborative robots

Every manufacturing, assembly or processing operation has repetitive tasks best accomplished by collaborative robots (cobots). We can help you explore and implement the future. At work among human bosses, today's cobots are safe, easily trained and precise. Cost is surprisingly low and best of all, ROI is usually seven months or less.

EMBRACE THE FUTURE
WITH YOUR OWN COBOT TASK FORCE

As a Certified System Integrator for Universal Robots®, RōBEX brings its extensive factory floor experience and expertise to bear in optimizing your operations. With a production problem-solving mindset, RōBEX will analyze and recommend best applications, and coordinate your successful on-time, on-budget, collaborative robot installation. Why wait?

RōBEX: COLLABORATIVE ROBOTS
FOR THE FOOD, CONTAINER, BEVERAGE,
BUILDING PRODUCTS & TISSUE INDUSTRIES

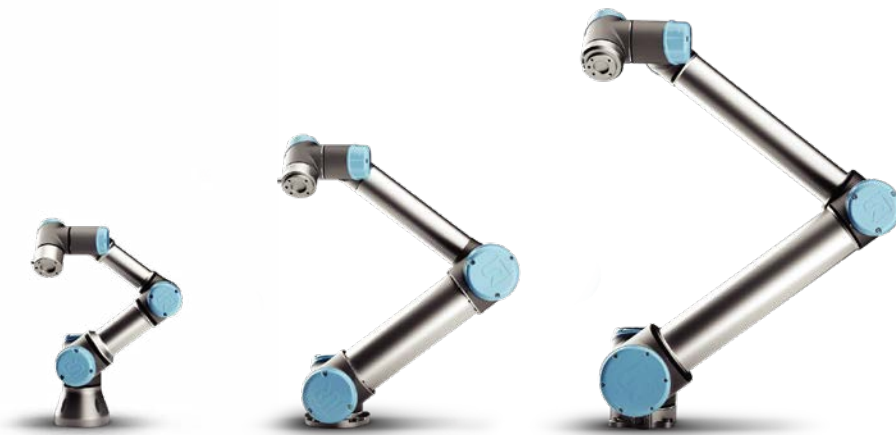

COLLABORATIVE ROBOT EXPERTISE

RōBEX COBOTS: OPTIMIZE PRODUCTION, ASSEMBLY & PROCESSING TASKS FOR MUCH LESS THAN YOU THINK

RōBEX is a Certified System Integrator for Universal Robots®--the world leader in collaborative robots. Cobots are affordable and user-friendly units. Lightweight and flexible, they are easily re-deployed to a new task and quickly "re-trained." They offer virtually unlimited industrial application with no safety cage required in most settings.

RōBEX COLLABORATIVE ROBOTS OFFER SOLID COST/PERFORMANCE BENEFITS:

- **AUTOMATION WITHIN REACH** - Perfect for even smaller businesses
- **FAST ROI** - Affordable with typical payback within 30 weeks
- **MINIMAL REQUIREMENTS** - 120 VAC, small footprint, no foundation
- **FLEXIBLE DEPLOYMENT** - Quickly moved and "re-trained" in new task
- **COLLABORATIVE & SAFE** - Risk assessment to meet ISO/RIA standards

RōBEX DELIVERS ELEGANT PRODUCTION SOLUTIONS TO CLIENTS IN FOOD, CONTAINER, BEVERAGE, BUILDING PRODUCT AND TISSUE INDUSTRIES
